Circular to Parents of Classes III to IX

December 12, 2019

Dear Parent,

Greetings from Indian School Muscat,

A one of its kind, national and international level benchmarking test, Assessment of Scholastic Skills through Educational Testing (ASSET) provides feedback on real learning to students. It pinpoints their academic strengths and weaknesses giving them an accurate picture of where they stand with respect to their peers. Indian School Muscat conducted ASSET for the students of classes III to IX during the months of September and October, 2019 and we have shared the result of your ward for your kind reference.

Further to this, we would like to conduct an orientation on how to analyse your ward's ASSET report. This program will be held on Monday, December 16, 2019 in the New Multipurpose Hall from 7:00 p.m. to 8:00 p.m. Please be seated in the NMPH by 6:45 p.m.

Warm regards,

Dr Rajeev Kumar Chauhan
Principal
