**CIRCULAR TO PARENTS OF CLASS XI
(Finalization of Stream Allocation)**

Dear Parent,

Heartiest congratulations on your ward's success in Class X Board Examination!

We are in the process of confirming the Class XI provisional admissions based on the Class X Board Examination Results. The confirmation of the stream allocation will be done as per the minimum eligibility criteria mentioned in the school diary.

The request for the stream change option will be considered based on the existing vacancy in each stream and the new allocation will be done based on the expression of interest from children. Since a limited number of seats are available, we would like to admit our existing students to their eligible streams on the basis of merit and eligibility criteria that were shared with you earlier.

Please specify your consent by filling in the Proforma given below **based on your previous options** (already submitted), if you want to change the current allotted stream. **All those who have been allotted the stream of your choice will not be allowed to change the stream.**
