Circular to Parents of Classes KG I to IX and XI

Dear Parent,

Greetings from Indian School Muscat!

Since October 4, 2020, the online live classes have been conducted in individual classrooms and there has been a lot more interactions happening in the classrooms which are very positive and effective. The classrooms are livelier than before.

In order to further enhance the communications and interactions with the teacher, students are requested to **keep their video switched on** and mute their audio during the class. This will enable the students to be more attentive in the class. Students can unmute the mic on request of the teacher.

Please ensure that the following guidelines are adhered to while attending the classes.

- Students are requested to be decently dressed during the class.
- He / She is seated near the source of light.
- If you are connected wirelessly, try moving your laptop closer to your wireless access point or router.
- Try connecting your computer directly to your router via a wired Ethernet cable, instead of relying on the Wi-Fi in your home.
- If you are connecting from a laptop, plug the laptop into wall power. Battery use can adversely affect video quality.
- Limit non-essential activities by family members on your home network while your ward is attending the class.
- The family members are requested to refrain from moving behind in the vicinity of the camera during the class.

With regards,

Dr Rajeev Kumar Chauhan
Principal
