Circular to Parents of Classes VII and VIII

January 27, 2020

Dear Parent,

We are extremely happy to announce that ISM Middle Section is going one more leap in making the teaching-learning process more effective. We have already launched VLE (Virtual Learning Environment) for Classes V to VIII wherein video lessons and JiTT worksheets are available to the students. Now, we are extending Webinar (online seminar) session to the middle section level.

A webinar is a live educational or instructive session that includes audio and visual communication between a speaker and attendees. The webinar sessions enable the students to interact with the subject expert live during the session and clarify their doubts. The students can participate in the webinar session through ISOVLE site. Webinar sessions for the students of Classes VII & VIII will be conducted as per the following schedule.

| Sl | Class | Subject | Day & Date | Time |
