The classes would be conducted on **all Saturdays between 9.00 a.m. to 11.15 a.m.** The first special class for the term would commence on **12th August 2017.**

The special classes have benefits which are mentioned below:

- Small learning communities have a unique identity, clear curricular focus and clearly defined criteria for successful completion of academic work.
- Teachers in the school act as Advisors and Mentors for a small group of students.
- Students receive guidance and support to develop and achieve success in academic work.

We partner together to bring about the best in your child.
