**ANSWER THE FOLLOWING IN THREE POINTS.**

- 15 What do you understand by hydrosphere? 3
- It comprises various sources of water.
  - The different types of water bodies like rivers, lakes, seas, oceans, etc. are its major components.
  - It is essential for all living organisms.
- 16 Manuscripts cannot be considered as the main source of historical facts- Justify 3

- Manuscripts were the old hand-written scripts and different historians translated them according to their understanding and interpreted it according to their thoughts
- As scribes copied manuscripts; they also introduced small changes – a word here, a sentence there.
- These small differences grew over centuries of copying until manuscripts of the same text became substantially different from one another.
