| | <p><u>SECTION 'A' – READING COMPREHENSION (TOTAL – 16 MARKS)</u></p> <p><u>Read the following passage carefully and answer the questions that follows based on your understanding.</u></p> <p>Appleton was a town famous for its delicious apples. The people of the town celebrated the harvest of apples on every fall. One year a terrible drought hit the town and the apple trees withered and dried. The people were heartbroken and didn't know what to do. (para 1)</p> <p>I. One day, a wise old woman came to the town. she saw the people's sadness and offered to help. She told them that they could bring rain by dancing. The old woman taught the villagers a magical dance and the people danced in the hot sun. Suddenly the sky turned dark and it started to rain. The rain continued for three days and when it stopped, the ground was soft and the apple trees had come back to life. The people were overjoyed. They knew that the rain had come because of their dance. They continued to perform the dance every year and the rain always came just in time for the apple festival. (para 2)</p> <p>From that day on, the dance became a tradition in the town. The people of Appleton passed it down from generation to generation and they always had a happy harvest season every year. (para 3)</p> | Marks |

| II | <u>Read the following passage carefully and answer the questions that follows based on your understanding.</u> Think of a creature that has eight arms, three hearts and a huge brain. Can You? Well, it is none other than an octopus – a creature that can do wonderful things. Octopuses get their name from the Greek word 'octo' which means eight. They are so called because they have eight arms. (para 1) Octopuses have eyes on either side of their heads, but they are completely deaf. They are intelligent creatures and can learn new things easily. Since they do not have teeth or sharp claws to protect them, octopuses have to think of other ways to escape the | |

| | <p>attackers. One such way is by hiding themselves in the sand at the bottom of the ocean. An octopus camouflage itself by changing its skin colour to match the sand in less than a minute. (para 2)</p> <p>An octopus can also shoot ink into the water, using a part of its body called siphon. The ink creates a cloud that does not allow the predator to see. This gives the octopus time to escape. Its vanishing act almost resembles a magician's trick. An octopus collects shells to build a protective wall, known as an octopus garden, where it hides. (para 3)</p> | |
