**INDIAN SCHOOL MUSCAT
MIDDLE SECTION
THIRD PERIODIC TEST 2022 - 23
ENGLISH — SET B**

Code: MXEN09

Time Allotted: 40 minutes.

Max. Marks: 20

Marks obtained:

CLASS: VIII

23.01.2023

General Instructions:

1. **All** questions are **compulsory**.
2. **All answers should be written in the space provided in the question paper.**

SECTION A

Q.1 Read the following passage and answer the following questions based on your understanding of the passage:

1. In ancient cultures, sky-watching played an important role in navigation, agriculture, religion, and even entertainment. Those who observed the heavens connected stars to form patterns that related to the heroes, gods and legends of their culture-known today as constellations.
2. Most cultures named constellations and attached cultural meaning to their patterns. Native Americans, for instance, often used constellations to teach moral lessons. Today, the Western world acknowledges the constellations that originated in Mesopotamia more than 5,000 years ago. Babylonian, Egyptian and Greek astronomers also made contributions during the classical ages of their cultures.
3. Of the 88 constellations officially recognized by the International Astronomical Union, 48 were identified in ancient times with just the naked eye. The remaining 40 were added in more recent centuries. Each constellation has its own border ensuring that each star would be restricted to one constellation only.
4. Constellations change over time as the stars in them move through space. The dipper part of the Big Dipper in the constellation Ursa Major (Great Bear) appeared much squarer in the past. With the dipper's bowl starting to elongate, about 100,000 years from now, it will look more like a soup bowl with a handle.

A. Choose the correct answer and underline it:

Marks
2x1=2

(i) What played an important role in navigation, agriculture, religion, and even entertainment in ancient times?

- (a) constellations (b) Big Dipper (c) sky-watching (d) Native Americans

(ii) What did Native Americans use constellations for?

- (a) to observe the heavens
(b) to teach moral lessons
(c) to attach cultural meaning to their patterns

(d) Both (b) and (c)

B. Complete the sentence: 1x½=½
Each constellation has its own border which ensures _____
_____.
