Read the following passage and answer the questions given below.

One day, Twinkle was going outside to play with her best friend, Minnie. She tripped over a stone, fell down and scraped her knee. She got scared and started crying. Twinkle's mother came running with a wet wash-cloth, a Band-Aid (strips or a medicine plaster used for cuts), a tube of Betadine (an ointment used as medicine) and two cups of ice-cream. Soon, Twinkle was on her way with a smile on her face.

Q1. Where was Twinkle going?

Q2. What stopped her from getting there?
