

**INDIAN SCHOOL MUSCAT  
PRIMARY SECTION  
STD III  
Term -2**

**Ln.2.ROCKS AND SOIL-Worksheet Answers**

**I. Name the following.**

- 1. Clayey soil**
- 2. Diamond**
- 3. Loam**

**II. Choose the correct answer.**

- 1. b. humus**
- 2. a. sparrows**

**III. Justify the statement.**

- 1. Sandy soil cannot hold water as the particles are large with lots of spaces between them and it cannot hold the plant firmly. So, very few plants grow in sandy soil.**

**IV. Answer the following questions.**

- 1. Soil contain tiny pieces of rock, sand, clay and rotten pieces of dead plants and animals called humus.**
- 2. Chalk is soft and smooth. So, it is used to write on the blackboard.**

**V. Give reason.**

- 1. Clayey soil is used to make pots because the space between the particles is less and get sticky when get wet or come in touch of water. It can be moulded into different shapes.**

**VI. Think and answer.**

- 1. We add manure to the soil to make it rich and fertile so that the plant give us more yield.**
- 2. Bajra grows well in sandy soil.**
- 3. Earthworm, rabbit, snake & moles**
