**ONLINE LIVE CLASSES**

Dear Parent,

Greetings from Indian School Muscat !

At this time of unusual difficulty, the wholehearted support given by the parent community in conducting online classes is well appreciated.

We started online live classes as a pilot venture on Thursday, April 9, 2020 for the students of Class VIII in Mathematics, Science and Social Science to understand the system. Since we have been able to conduct these classes successfully, we are extending these live classes to Classes V to VII very soon. We will also be increasing the number of subjects taught per day to three. We are also starting live classes for English, Second and Third languages in all the classes. You are requested to follow the guidelines to attend these online live classes.

The students are required to be cautious while using this platform as it is meant only for academic teaching-learning. They are strictly advised not to use the chat box for passing any personal/private message. Stringent action will be initiated against those who violate this.

As this initiative is taken for the first time, it is possible that things might not work as desired due to various factors. However, we would request all to be patient and we seek the cooperation of every Student and Parent to use the facility provided to the best.
