**SUPPORT STUDENT CAMPAIGN**

Dear Parent,

Greetings from Indian School Muscat family.

When we do any good to others, we do as much, or more, good to ourselves."

The Young Communitarians of Indian Schools (YCIS) Club sensitizes and encourages students to contribute selflessly for the cause of community. It empowers students to feel, experience and understand different walks of social life. It also helps them to develop their personality and become socially responsible human beings.

The Club in its maiden initiative for the academic year 2019 - 2020 proposes to have a coin collection drive . Students will be provided with envelopes. They can collect the left over coins and small notes to support the cause of education The YCIS students will be the brand ambassadors for this campaign.

The smallest act of kindness is worth more than the grandest intention. Above all, the best way to improve self is in the service to others.

We look forward to your child's participation in the campaign that would develop qualities of compassion and service.

With warm regards

Dr Rajeev Kumar Chauhan  
Principal
