## Annexure-1

### Suggestions received from NCERT

Before introducing Grade 5, 6 and 8 textbooks, it must be ensured that every school offers bridge programmes from April 1st, 2025, for smooth transition of students from the old curriculum to the new curriculum. We advise schools to chalk out a strategy for engaging students entering Grades 5, 6 and 8 in 2025-26 in playful and activity-based learning to ensure a holistic environment that encompasses arts, physical education, and well-being, skill education, and fresh insights into language, mathematics, science, environmental education, and social sciences.

This approach is not only anticipated to ease the students' adaptation to the new curriculum but also aims to spread awareness of the updated educational perspectives among parents and the community. Consequently, the revision of school timetables will be required. Therefore, it is crucial to inform School Heads, Teachers, and Parents about the suggested time allocations in Preparatory and Middle Stages per the NCF-SE 2023, and to encourage schools to adapt their schedules in accordance with the local needs and the specific context in which they operate.

NCERT is also planning to conduct Capacity Building Programme for the Key Resource Persons of CBSE, KVS and NVS on the new textbooks and bridge programmes from 25th March 2025 onwards through online mode. Detailed programme schedule will be shared shortly.
