ACKNOWLEDGEMENT

FROM THE SCHOOL PRESIDENT'S DESK

Mr. SACHIN THOPRANI

President, School Management Committee

Dear Students

My sincere congratulations to you on reaching yet another significant milestone in your educational path!

I hope that the competent and knowledgeable faculty and employees at Indian School Muscat would have helped you to discover who you are, and assisted in achieving your goals. I believe your time at ISM has prepared you for the new challenges that lay ahead, wherever your journey may take you.

Our teachers and staff have put in their best efforts in educating you and teaching you to engage with one another, and to build life long friendship. By utilizing the benefits of problem-based learning and different methods, ISM has worked hard to provide a real-world learning setting.

As you advance, I urge you to rise to obstacles. Continue to take advantage of chances for growth, innovation, adaptation, and resilience. Whatever you decide to do after that, keep in mind that learning is a lifetime endeavor. The rate of global change is accelerating more quickly than ever.

Remember studying is a lifelong endeavor that pays off. Your success has been a result of your dedication to continuous learning, and I am sure that the knowledge and abilities you have gained will keep you useful in your line of work.

I strongly encourage you to join Indian School Muscat Alumni (ISMA), and follow our social media channels to remain in touch with the ISM family as you move on to the next stage of your life. This will help you keep ISM near to your heart.

I wish you all the success in the world in your future endeavors on behalf of your teachers, parents, and the Indian School Muscat School Management Committee!

FROM THE PRINCIPAL'S DESK Dr RAJEEV KUMAR CHAUHAN

Batch of 2022-2023

The moment has arrived! I want to congratulate each and every one of you on your outstanding accomplishment of graduating from the Indian School Muscat. You put in a lot of effort, and now you're ready to enter the realm of college.

Although COVID-19 offered many difficulties, your tenacity, bravery, and commitment enabled you to graduate, and the future holds many delights and opportunities for you! You demonstrated adaptability and a desire to learn as learning took place both at home and in school. We were astounded by your determination and inventiveness as you figured out new and inventive methods to get access to the educational services that were made available to you. Your fortitude deserves praise!

Keep a thankful attitude and adopt a global perspective. Be thankful at all times and keep your senses fully open. Keep your emotions in mind and pursue it all the way through. There will be challenges, setbacks, failures, regrets, sporadic embarrassments, and plenty of battles as you pursue your goals. None of which are probably awful or drastically life-changing. Kindly accept my assurance that all of your difficulties will ultimately result in great joy.

Over the years, each of you has put forth incredible effort and faith. Class of 2022-2023, you will achieve remarkable life achievements as long as you have aspirations, objectives, and perseverance. You're all capable of amazing things.

I pray that God continues to give you all chance, development, and prosperity. You are in my hopes and thoughts at all times and I wish you a brilliant future and a better world, a world of your own making.

FROM THE VICE PRINCIPAL'S DESK

Mr. SAJI S NAIR
Senior Vice Principal (Administration)

Dear Young Graduates

Remember that learning never ends in the classroom as you begin a new phase of your life. As long as you have things to learn, which is your entire existence, you will be a learner. You will learn something from every encounter you have in life. Simply maintain an open heart and mind to discover the teachings the world has to teach.

You will experience the highest level of independence ever in your next stage of life, just like other school graduates. You will need to decide on a lot of scholastic and personal matters. Not to mention that the changes in the future will present you with a new set of difficulties. You might have to deal with a world.

It is crucial that you take control of your destiny at this point in your life so that you don't feel like a victim of situation or fate but rather that you are an active player in it. What happens to you later in life will be immediately impacted by where you choose to put your time and effort.

I urge you to put in a lot of effort, make living objectives, and remain committed to achieving them. Don't let anyone or anything stop you from reaching your objectives; keep your eyes on them.

Graduates, while I applaud you on your accomplishments, I also desire for you to keep doing your absolute best with tenacity, dedication, and pleasure.

I hope prosperity continues to accompany you in everything you do as you enjoy the results of your hard work. Dream fresh goals, accept who you are, live life passionately, and keep aiming high. Go for it and shine on!

My Best Wishes to your future endeavours.

FROM THE VICE PRINCIPAL'S DESK

Mr. AKLARY SAJINDRAN

Vice Principal, Middle Section

"A dream is not something that you see while sleeping, it is something that does not let you sleep." - Dr. A. P. J. Abdul Kalam

Every individual will have a dream that he wishes to fulfill in his life. Unless you continue to achieve the goal, you will never be able to realize your dream, it will never come true.

As Paul Coelho asserted, when you dream of something really hard, the universe will conspire and will make sure that your dream comes true. But understand, to achieve this, perseverance is required, you will have to continuously work towards it. There will surely be several hindrances on your way that will trouble you, several people who may stop you, and several incidents that happened earlier that will make you scared to walk that path.

Remember, it is you who have dreamt it and it becomes all the more necessary for you to stand by it and fight the problems on your own. Of course, you may find somebody who would be motivating you, but the majority will surely be pulling you back from reaching that goal.

Success will follow you once the universe understands that you are not going to give up at any point in time. At a particular point, a breaking point happens and you will be surprised to see that all the people who have stopped you, and all the troubles you have faced are vanishing just in front of your eyes, and the door to your dream is finally getting widely opened.

In his book, Prophet, Khalil Gibran has clearly made us understand that "And when you reach the mountain top, then shall you climb". Dream, achieve it through hard work, and work to maintain it also.

All the very best!

FROM THE VICE PRINCIPAL'S DESK

Ms. PREMA GEORGE

Vice Principal, Pre-Primary Section

Your next mountain

"The top of one mountain is always the bottom of another".

- Marianne Williamson

Congratulations! for reaching the top of this mountain, yes, by completing this final year you have reached the pinnacle of your school days. What awaits you now is your next mountain, your next peak, all you need to do is keep climbing.

It's widely believed that the childhood and school days are the best days of our life, even I believe that, and it is true in more ways than one. However, I want to encourage you that, your best moments of life are yet to come.

Life has gifts in store for you that you can unwrap down the lane and so many exciting adventures that will fill your life with challenge, victory and happiness.

Hence my dear students, keep climbing, always look for the next peak, the next pinnacle and don't stop. Never mind the thorns, thistles and shrubs which may block you from climbing. Keep climbing no matter what.

Whatever happens, remain as a student, as a learner, always curious and possessing the same zeal for life that you have today. Let nothing take that away from you.

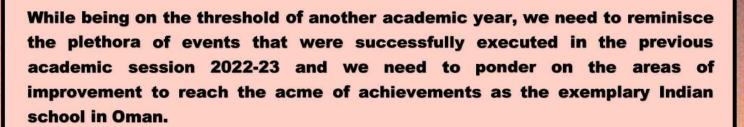

Follow your dreams, listen to the wisdom of experienced climbers, in everything you do, make your mark and the possibilities are endless. My heartiest wishes for you as you are embarking on this new journey.

All the very best.

FROM THE ASST. VICE PRINCIPAL'S DESK

Mr. JOYSON CYRIL

Assistant Vice Principal, Senior Section

"Success is not final; failure is not fatal: It is the courage to continue that counts."

The annals of Indian School Muscat manifest diverse arenas for the optimum development of the students who are our strengths, assets, and pride. The school management and our team of well-qualified, trained, experienced teachers consistently groom them to enhance their performance at multiple levels. We look forward to the upcoming board exams (X & XII) that will bring the laurels to crown the diligent students, groomed by their mentors in the school.

The success stories of our students continue to inspire the students of the entire Indian fraternity in Oman. Kudos to the students for their success at the national level for chess, swimming and other various co-scholastic competitions held at inter-school levels throughout the year. Their creativity is exhibited in the colourful hues of 'Winter Strokes', the rhythms of 'Jhankar Hues', the perceptive thoughts augment their skills in debates, quizzes, speeches to mention a few.

I wish all the students and the entire ISM family the best in their academic, professional and personal lives and let's together swim and sail through the challenging tides to achieve new benchmarks of success, turning every challenge to a new opportunity.

Editorial Message

"Time flies, but memories last forever"

Dear Seniors

It is hard to believe that one more academic year is over and that you are all leaving. You have all helped us so much in a way that we cannot repay and this yearbook is a small token of our appreciation towards you.

If you dream it, you can achieve it. Set your dream and move forward to reach your goals in life. The Sky is the limit and so dream big. We wish you all to be successful in all future endeavours and we hope to meet you all in flying colors at the different shores of life.

It was not an easy task capturing every moment and putting it all together for you. We have attempted to create something meaningful and memorable for you. We truly hope that you enjoy this book and treasure it with you wherever you go. Nevertheless, we just want to say that even if the yearbook fades away, you all will be there in our hearts forever. So here we present to you.

YOUR QUEST 2022 - 2023

First and foremost, we would like to express our heartfelt gratitude to our respected Principal, Dr Rajeev Kumar Chauhan, for rendering us this opportunity to create memorabilia for you. We would also like to extend our sincere thanks to Asst. Vice Principal Senior Section, Mr. Joyson Cyril for his immense enthusiasm and encouragement and also to our beloved mentor Mr. Jessielawskin J P, for his unswerving support and guidance throughout the completion of this yearbook. We thank you seniors for your enthusiasm in contributing your pictures for the yearbook. Last but not the least, it would be unfair on my part if I forget to mention our yearbook team with whose synergistic effort, succeeded in shaping our ideas into reality.

Englis S

MESSAGES FROM THE SENIOR COUNCIL

This academic year (2022-23) was an extravagant and jubilant one, which would have been impossible without the excellent participation and dedication of all teachers and fellow students. I am indeed grateful to you all for making this year memorable! I would also like to extend my sincerest regards to all the student council members who have always worked together and set an amazing benchmark for years to come. I also thank all my friends and well-wishers for their constant support and encouragement at all times. And to my dear juniors, enjoy the company of your friends and loved ones and make memories that are to be cherished for a lifetime. I wish you good luck in all that comes your way! Thank you!

- MADHAV SURESH, HEADBOY

The story of life is quicker than the wink of an eye. With everything in between hello and goodbye, ISM has done full justice to the 14 years of schooling. It has made us the individuals we are today. A heartfelt thank you to all of the students and fellow council members for sharing the journey of a beloved childhood filled with unforgettable memories. These last two years as the Head Girl of this school were something I could've only dreamt about. And at last, it's here—the moment we say goodbye to our childhood and follow different roads in life. I consider myself extremely privileged to have studied at this prestigious institution. No distance in time or space can separate us from the joys of the past. The echoes in the corridors, the writings on the walls, the delicious canteen food, and the never ending laughter will always remain in our hearts.

- ANN ELZA MONICA, HEADGIRL

First off, a good way to start this is to say huge thanks to the gods for aligning all the stars in favor of my getting into ISM. The school has an aura that will resonate with all its alumni forever, and it's simply beautiful. However, your school life might be over, but the memories you have made will definitely stay in your hearts. That's the beauty of life as a whole. As the class of 2023 matches gallantly into the future, a quiet reminder goes out to the upcoming batch to clutch on to their dreams as hard as they can and never back down. Trust yourself, work for whatever you believe in, and always hold your head high. On behalf of the entire batch, a wonderful farewell to our school, and on behalf of me, all my love and support to each of my juniors who've given me this opportunity.

- SRINAVITH SRINATH, COORDINATOR COCURRICULAR

FROM THE SENIOR COUNCIL

I wasn't sure where to begin, but now that I think about it, conveying so many emotions in such a short space is difficult. ISM is etched in my heart, offering me such incredible possibilities and encounters. I am extremely grateful to the council team for all of their help during my high school years. Running around nonstop, sharing tiffin boxes, last-minute striving, and, best of all, our junior council dance—I couldn't have asked for a better team! Thank you to all my friends. I will be eternally grateful to each and every one of you. So, all I can say for sure is that when the last bell rings, I'll really miss this place, but I'll also be glad we made it. And lastly, to my dear juniors, things are not always easy, but stay strong, keep your heads high, and strive for success!

- KRISHNAPRIYA NAIR, COORDINATOR, COCURRICULAR

Dear ISM, It has been an incredible journey. These 12 years have been filled with tons of emotions, memories, experiences, and life lessons, and I cherish each and every one of them, thanks to you all. It has taught me to conquer the world by waiting ahead, enabled me to soar high, and motivated me to strive forward relentlessly. Reminding me of where I'm destined for. And to my juniors, cherish every moment you spend at ISM. I wish you all the very best in your future endeavors. Be grateful for the ups and downs; they truly shape who you are. Godspeed.

- CRAIG LUCAS GONSALVES, COORDINATOR SPORTS

Here's a small message from me to you. Make the most out of every year you get; go make new friends; study well; and have fun throughout it all. This school has so much to offer and so many memories to make, but at the end of it all, what matters are the memories you take along with the friends you make along the way! It's time to say goodbye, but I think goodbyes are sad, and I'd much rather say hello. Hello to all the new adventures! Cheers!

- DIYA GANAPATHY, COORDINATOR SPORTS

FROM THE SENIOR COUNCIL

Though the pandemic ate two years of everyone's fun-filled school life, we were more than happy to have it back physically for the last year of what was surely the best year. But we are going to miss the ever-welcoming staff of ISM, as well as our juniors, for making us feel special in our last year of schooling. From sports days to annual days, we have seen it all. A batch of 12th graders never knew what it was like when we started in the primary section. The old mud field and the blackboard will have a special place in our hearts. As we, the batch of 2022–2023, draw curtains on what's been an enthralling 12 years of schooling, we have seen ISM grow along with us. We might leave this school soon, but the memories and friendships made here will truly be with us forever!

- SHLOK ASHISH SHETH, COORDINATOR LITERARY

From flipping pages to flipping bottles in crowded corridors filled with friendly smiles, we "Ismites" have made countless memories. During our time here, we will not be remembered by our grades, popularity, or likes, but by our relationships and the kind of person we were. I am very excited about the opportunities we have ahead of us. I hope luck favors you the same way it did when you were picked by your friend to distribute birthday chocolates. I am certain that ISM will always hold a special place in my heart.

- KRITA PRUTHI, COORDINATOR LITERARY

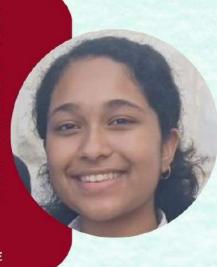

Alright, so I'm not sure where to begin; ISM has been a second home for 16 years, and I'm not sure I want to leave. It's been sweet throughout my journey here. I'll really miss it here. All the fights, arguments, and competitions seem very childish now that we all accept each other as ex-Ismites. To the juniors, I just hope you all keep the school's name on top and keep making everyone proud.

- DEVANSH HEMAL SAMPAT, COORDINATOR SOCIAL SERVICE

Dear Ismites, Fourteen years. That's quite a long run, and I'm glad I stuck around. It's been a hell of a ride. I never thought leaving this school would stir up so much emotion in me. Knowing that it will all be over soon and that I will be embarking on a new journey is both sad and exciting. Through the years, I have met and made friends with the most amazing, talented, and loving people who have stuck by me through everything and lifted me up when I was down. To be honest, I didn't just make friends; I made a family. And only I know how much I'll feel their absence when I leave. You all have formed such remarkable memories with me. Continue to work hard and strive to be the best. And finally, to the rest of ISM, wherever you go and whatever you do, you will achieve great heights. All the best to all of you.

Goodbye and Godspeed

- JANANI SURESH BABU VIJEES, COORDINATOR SOCIAL SERVICE

ISM ~ My second home has always played a vital role in this journey of my life; it has etched its mark and molded me into who I am today. To leave my home, where I grew up, where I was nourished, where I played joyfully, where I was trained by my teachers, where I was fueled with knowledge and happiness, and above all, where I found my friends, is truly heartbreaking. A thousand memories sum up more than a decade. There is pure bliss in cherishing those indelible, enduring memories. As we forge ahead, we leave the legacy behind, fostering the values it has imparted. We take a leap of faith, spreading our wings high and marching ahead to see success manifest, leaving a smile behind.

- EMMANUEL PHILIP REJI, COORDINATOR, PUBLIC RELATIONS

I believe it's safe to say that every emotion I've ever felt can be traced back to my time at ISM, from the quiet anxiety of result day to the breathless excitement of cheering ISM's name in inter-school events; from the fleeting disappointment of losing a competition to the unexpected happiness of unexpected results. It feels almost strange to bid farewell to a place that houses so many of the experiences and accomplishments that have made me into the person I am today. I am proud to have been a part of this family and will forever cherish the memories I have created along the way.

- JHEEL CHETAN THANKI, COORDINATOR PUBLIC RELATIONS

JUNIOR COUNCIL 2022-2023

Group created on June 11, 2022

Asst. Headboy - Aniruddh Sajit Menon

As we approach the end of this academic year, it's hard to believe how quickly time has flown by. It truly was a blessing having you all as our seniors. As you embark on the next phase of your lives, I would like to thank you for all that you have done for us in shaping and guiding us to be better people. I'm sure that we will all cherish the memories we have shared together and carry them with us as we move forward. I would like to wish you all the best in your future endeavors.

We met for the first time on a Tuesday in June 2022, and since then, you all have become such an important part of my life. All of you have taught me to have fun and at the same time do your duty wholeheartedly. It breaks my heart to think that I won't see you in the next year. I'm going to miss you all badly. You were all my favorites.

Asst. Coordinator Co-Curricular - Arka Roy Choudhary

As Dr. Seuss says, "Don't be sad that it's over; be happy it happened." It was a great experience to be a part of the Student Council. I am really grateful to have such amazing seniors, and your constant support and guidance throughout has definitely been of great help. We had ups and downs, but you all taught us juniors how to stay united. You seniors have taught us many things and qualities. It was, without a doubt, an honor to work with you all. We will give our best to carry the legacy forward. I wish you a mountain of success in life and good wishes to live your dream every moment.

"The moments may end but the memories last forever" Having you all as our seniors was probably the best thing ever, and no one could ever replace any of you; knowing you all and the memories, laughter, and all the moments we've spent together will be cherished by us as your juniors for the rest of our lives. But at the end of the day, we've only learned so much because of the senior council. You all are our heroes, and every lesson we learn from you and every ounce of hard work we see from your side will definitely motivate us to achieve more and bring in a change!

JUNIOR COUNCIL 2022 - 2023

Asst. Coordinator Sports - Toyash Srikant Khasbage

Seniors, always the first set of people to look up to. Yes, it's always fun to have you supporting us and showing us the right path. This year was memorable. My seniors in council were extremely cool and enjoyable to be around. Congratulations on graduating, and cheers to your next adventure! You're a class act! Best of luck on your new beginnings! You did it, graduate! ... We're so proud of you. You are a star in the making!

Every new beginning stems from the end of another. This is a very mixed feeling for all of us as we're coming to the end of this academic year. It may be hard to say goodbye, but I know that there are better things ahead. I'm grateful to all my seniors for giving us the support and guidance we needed and for making unforgettable memories. I wish you all the best in your future endeavors. I truly hope good things happen for you; you absolutely deserve it!

Asst. Coordinator Literary - Joshua Alex Pratheesh

"Every story has an end." But in life, every ending is a new beginning. As the curtain falls on this academic year, it's hard to ignore how swiftly time has flown by. The moments may fade away, but the memories last forever. Thank you, beloved seniors, for welcoming, mentoring, uplifting, and empowering the leader within us. It truly was a delight having you here. As stars shine in the sky, let you all shine like bright stars and lead others with your brilliant light in all walks of life. Dream big and fly high in all your future endeavors!

Asst. Coordinator Literary - Humairah Salman

All good things come to an end. Or shall I say a pause? Might we cross paths in the future? Will I no longer have my seniors to guide me for every small query I might have? It aches my heart to think about this, but people I looked up to in my school life will no longer see each other and wave in the corridor. They say time is relative and it passes in a flash when you are content, and I suppose this is what happened this academic year. I wish my heartiest congratulations to each and every single one of you reading this; congratulations for getting done with a big phase of your life, and I wish you nothing but the best for your journey after this. Take care of yourself wherever you go; stay strong, safe, and healthy!

JUNIOR COUNCIL 2022 - 2023

Asst. Coordinator Social Service - Anandu Aji Kumar

Life brings tears, smiles, and memories. The tears dry, the smiles fade, but the memories last forever. The memories with our senior council will never fade. They will always be with us forever. The photos and the gifts will always remain as a trademark of the time spent together. I love you all for being with us, for helping us out, and for the valuable lessons you taught us in various aspects. I wish you all a great year ahead.

Asst. Coordinator Social Service - Eshal Juned Kazi

As we come to the end of the academic year 2022-2023, it's finally time to say goodbye to you, our seniors. As you leave this institution, I'm sure that a new path full of new opportunities and new adventures lies ahead of you. We will definitely miss your constant support and encouragement, with the help of which we have been able to move forward. It was indeed a pleasure having all of you as our seniors. I would like to wish all of you the very best in your future endeavors.

Asst. Coordinator Public Relations - Raj Kumar Bandila

To all my seniors. I will never have a more wonderful memory; the experiences, fun, and joys we shared were amazing. I just wish that we had another year because the time we spent was too short. It all started when we met in the hall after we got our posts, and all the senior council tried to knot my disheveled tie on the day of Investiture. In this council, I truly feel like family. Thank you so much for the time and joy you have given us!

Asst. Coordinator Public Relations - Serine Ros Anto

"The past is made up of memories, the present is made up of experiences, and the future is made up of hope." My lovely seniors, there is no doubt that we will miss you, all your silly jokes, memories we made, crazy coincidental meetups, from strangers to someone close to our hearts...it's a contrast of emotions, brings back all the sweet memories, but it's time for us to bid you goodbyes. But that doesn't mean we will ever forget such amazing humans like you. We wish you guys a great future ahead.

GAPTAIN CAPTAINS

BLUE HOUSE CAPTAIN, SHREDDHA

ISM is an experience, something we are going to remember for the rest of our lives. Our childhood has been passed down here... so make the most of your time here and leave with no regrets because after school life, nothing will be the same, and the real struggles will begin after you leave, so you might as well enjoy it while you can! The happiness, the sadness, the tension, the stress, the fun, and the craziness are all to live in before leaving ISM!!

GREEN HOUSE CAPTAIN, AISHA NYAZ

Entered with a bag filled with books and leaving with a bag filled with memories. From playing on the sand tracks in 2nd grade to sitting on the grass and laughing with friends in 12th, from Jhankaar and ISM MUN to morning coaching and CBSE Clusters, ISM gave me countless memories and built me into the person i am today. To my juniors, I'd say enjoy the few moments the most, participate in as many events as you can, and spend time with your friends, as those are the memories you will cherish for life. Work hard for your future, but never forget to enjoy and make the most of the present.

RED HOUSE CAPTAIN, AMANDA D'COSTA

The last few years have been a whirlwind. I am grateful to have experienced and been part of the ISM family. It has played a prime role in shaping me into the person I am today, and I will forever cherish the memories shared in this place. I am thankful to everyone who has been a part of my journey. It's been quite a roller coaster ride, but I've grown and learned a lot about myself. A piece of advice for all juniors is that time slips away fast. With a blink of an eye, you are seated at your desk, hearing the school bell dismiss you for the last time ever. So do what makes you happy and have no regrets. I wish nothing but the best for every one of them. Keep working hard and believing in yourself and your endless potential.

YELLOW HOUSE CAPTAIN, HARSHAVAROHAN PATIL

7 years as a member of the incredible ISM family, leaving with no regrets and only happy memories. Every year felt like a whole new experience. No matter how your school days must have gone, you will always look back and remember the good times. The times with your friends, your teachers, your family I got the opportunity to lead my house, and I wholeheartedly thank everyone for trusting in me. Just a reminder to the upcoming batch: cherish every moment and believe in yourself. With this, I bid everyone adieu. Cheers!

Acknowledgement

Without the tireless efforts of many individuals, finalizing this yearbook would not have been possible. We are beyond grateful to everyone who has been a part of this beautiful printed journey. We were blessed to have received timely advice and words of pure knowledge throughout. First and foremost, we extend our sincere thanks to the head of this esteemed institution, Principal Dr Rajeev Kumar Chauhan, and Assistant Vice Principal, Mr. Joyson Cyril for their innovative ideas and for being the backbone of this process. Warm thanks to Senior Vice Principal Administration, Mr. Saji S Nair and his team for their resolute assistance. Mr. Jessielawskin, our lead organiser, deserves special thanks for his undaunted encouragement and help. We could put forth our ideas from the abstract to the physical format because of him. Leaving us quite sleep-deprived but with a ton of memories to treasure and cherish for numerous days to come: all with faith, trust and a little bit of pixie dust polished this beauty of a book to what it is today. We feel glorified to have gained the experience that came from this path. Not to mention, the sheer boost of confidence, indeed, is a bonus. We are elated to present the yearbook 2022-2023. We hope this book serves as a reminder of this big chunk of your life and leaves an incredible mark on your minds, hearts and souls because that is what we put in to bring it to you. All the best for your future endeavours, may we cross paths again!
