CIRCULAR TO THE STUDENTS OF CLASSES V TO VIII
ART INTEGRATED PROJECT -- 2020-21 (MULTI DISCIPLINARY)

Dear Parent,

Greetings from Indian School Muscat.

CBSE has introduced Art-integrated learning from the academic year 2020-21 to make the teaching-learning process more joyful, implement learning outcomes and enable all stakeholders to follow Competency Based Education (CBE). This art-integrated approach will strengthen the linkages between education and culture of India. It aims at empowering students with competencies to analyze, interpret, evaluate and innovate various real life situations.

Students of Classes V to VIII are required to complete one Art-integrated project as a group activity in an academic year. They are allowed to work on a project by putting forth the importance of different subjects in their project (Language, Maths, Science, Social Science, ICT & Art (Visual / Performing Arts)) and depicting it through art forms. The project should be taken up in an eco-friendly manner, using readily available local resources.

The following is the list of selected topics for various classes. The class will be divided in to groups of 4-5 students. Each group must select one of the topics and make the project and upload it in the classroom in the form of a presentation or a video. The last date for the submission of project is 15th February 2021.

Class	Topic	Subjects Integrated	Suggested Art forms for making the project
V	Any Festival of India (Diwali, Onam) Or Folk Dance of any state/UT of India	Social Science, Languages, Science, Mathematics	Role play, Anecdotes, Storytelling, Poem Writing, Collage, Song, Dance
