

INDIAN SCHOOL MUSCAT

FIRST PERIODIC TEST

PSYCHOLOGY

CLASS: XI

Sub. Code: 037

Time Allotted: 50mts.

23 .05.2023

Max .Marks: 20

GENERAL INSTRUCTIONS:

1. There are 8 questions in this paper.
2. The paper is divided into four sections – Section A, B, C,D
3. Section – A has 2 questions, from question no 1 to 2 carrying 1 marks each.
4. Section – B has 2 questions, from question no 3 to 4 carrying 2 marks each. Answer to these questions should not exceed 40 words.
5. Section – C has 2 questions, from question no 5 to 6 carrying 3 marks each. Answer to these questions should not exceed 80 words.
6. Section – D has 2 questions, from question no 7 to 8 carrying 4 marks each. Answer to these questions should not exceed 120 words.

Section – A

1. _____ is the images generated by a person in her/his mind, and which has been used to cure various kinds of phobias
1
A. Imagination
B. Dream
C. Mental imagery
D. Creativity
2. A tentative statement of the relationship between variables as answer to the research question is known as.
1
A. Hypothesis
B. Theory
C. Definition
D. Explanation

Section – B

3. Discuss John B. Watson's definition of psychology and his view of the mind and introspection. 2
4. Differentiate between Naturalistic and Controlled Observation 2

Section – C

5. Discuss how psychology is linked with Economics, Political Science and Sociology. 3
6. Read the case and answer the questions that follow. 3

Anil is investigating “the impact of sleep deprivation on cognitive performance” on 60 college students aged between 18 and 25 years. He divided the students into Group A and Group B which include 30 students. Group A participants will be deprived of sleep for 24 hours. They will be allowed to sleep for only 2 hours during this period. Group B participants will be allowed to have a normal night's sleep (approximately 8 hours).

Define independent variables, dependent variables, experimental groups, and control groups, also identify independent variable, dependent variable, experimental groups, and control groups from the above study.

Section – D

7. Explain any four branches of Psychology 4
8. Discuss the major Steps in Conducting Scientific Research. 4
