شرح الابيات Explanation of the Verses

This Poem has taken from the composition of Abdul Rahman Al shukri. The poet explains that in paradise, Garden and beautiful singing birds will be there ,and the birds will choose the trees in garden and forest to sing and enjoy, So the poet is comparing his thoughts with garden calling the bird to come and sing. Birds will come to the place where water, flowers and trees with big and spread branches. The bird is telling that he loves its song so whatever it sings his heart will like it and play music for it. The poet is telling the bird that there are tunes and melodies of the bird all around his garden. The poet is comparing his heart's branches of trees with strings, flutes and lutes which will play music for bird's song.

The poet is saying that the poem is not mathematical or scientific thing to think and write. Poem doesn't come through thinking but it comes from feelings. The poet is saying that the poem or song which comes through feelings will be original without any lie and slander. The bird is saying that people will not understand the original poem which is there in its song, because in contemporary world there is no human who loves nature and has senses of humor to feel. The poet is asking the bird to give him a poem saying that they don't have any blood relationship to be real brothers but they are brothers because of poem and poetry. The poet is telling the bird that his heart will always search for it and will love to listen to its song.
