- 10 **Read the given text and answer the following questions:** 3
- How is it that the average person in Haryana has more income than the average person in Kerala but lags behind in these crucial areas? The reason is – money in your pocket cannot buy all the goods and services that you may need to live well. So, income by itself is not a completely adequate indicator of material goods and services that citizens are able to use.
- 10.1 In which of the following crucial areas does Haryana lag behind Kerala?
- (A) Infant Mortality Rate (B) Literacy Rate
(C) Net Attendance Ratio (D) All of the above
- 10.2 Which of the following public services make the health and nutritional status of people of some states better?
- (A) Public distribution system (B) Free education
(C) Public transport (D) Water supply
- 10.3 Why are in many areas, children, particularly girls, not able to go to high school?
- (A) because they are not aware about the schools in their areas.
(B) because the government/society has not provided adequate facilities.
(C) because they do not want to study.
(D) because the cost of education in government schools is very high.
- 11 **Explain three ways to solve the problem of land degradation.** 3
